

4x6 4x8 ft. EBB plastic and Flow Hydroponic Tank & Reservoir

A. Hydroponic Tank & Reservoir Description

Our hydroponic flood tray can easily withstand temperature fluctuations and the hazards of daily agricultural use. Irrigation channels with multi-level grooves promote rapid and complete drainage, and rounded corners make cleaning easy. Available in black or white and a variety of sizes to suit your method of growth.

We have developed 3x6, 4x6, 4x8 size molds already, if you need these size trays, no mold charges for you. If you have your own specifications with a large quantity, we will also be able to help you load the mold loads.

Welcome to inquire ~

B. Hydroponic Tank & Reservoir Features

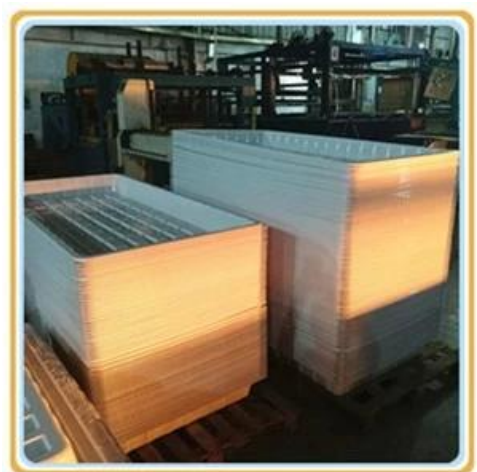

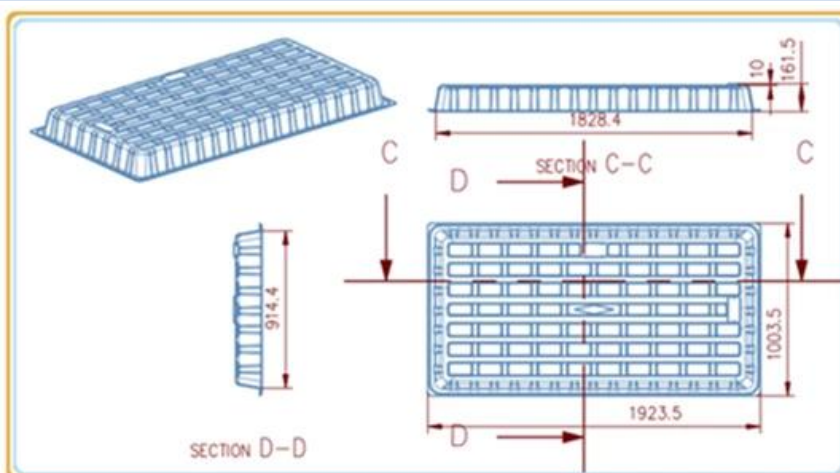

1. Customized production according to your requirements (material, thickness, color, performance etc)
2. 100% BPA free
3. Large drainage channels allow water to drain completely away from the plants while providing extra structural support to the project.
4. Multiple drainage positions for versatility in set-ups
5. Rounded corners for easy cleaning
6. 7 degrees that easy for stacking, and easy for transportation and storage

C. Hydroponic Tank & Reservoir

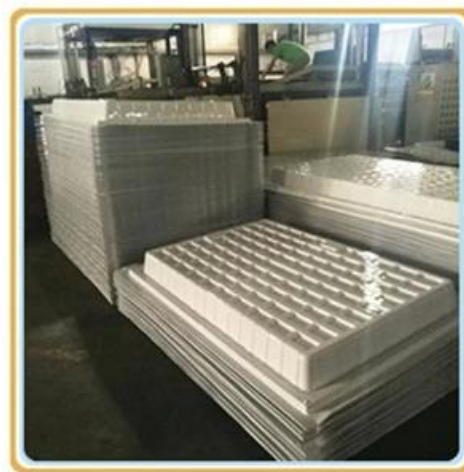

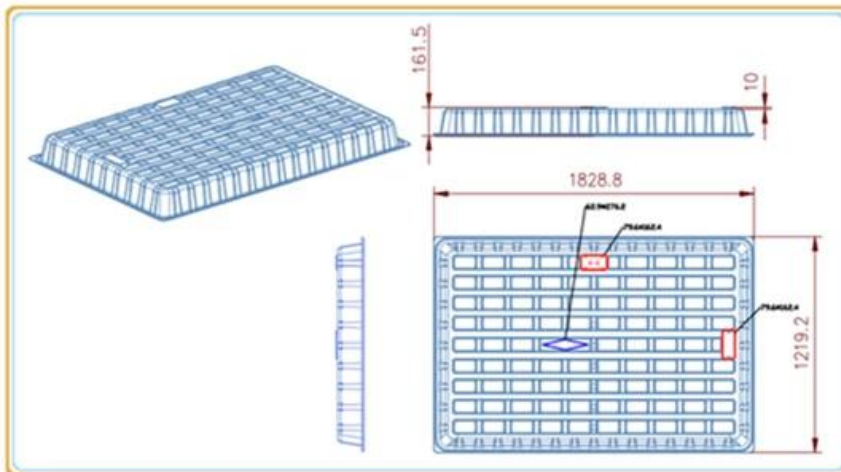

Following only part of the trays we produce, any other size requirements or custom trays are also acceptable

Hydroponic Tank & Reservoir
