

Fiberglass Reinforced Plastic FRP PU Foam Composite Panel for Trailers

A. FRP Sandwich Panel

Also know as GRP/FRP composite panel, which structure is FRP skin + core material + FRP skin.

FRP composite panel is a high-tech, high-quality new sheet, it does not occur in the ultra-low temperature of 40 degrees brittle crack, high temperature below 100 degrees will not be deformed, and can prevent heat transfer.

FRP composite panels can replace color steel plate, aluminum, etc., and to overcome the traditional products rust, corrosion, easy to depression deformation, can not adapt to harsh environments and other shortcomings.

FRP composite board with gel coated, can be self-cleaning, anti-UV, anti-static, etc., is the most popular international truck body and van panel.

B. FRP Sandwich Panel Features

1. High mechanical strength and good impact toughness;
2. Roughness surface and easy to clean;
3. Corrosion resistance, wear resistance, yellowing resistance, anti-aging;
4. High temperature resistance;
5. No deformation, low thermal conductivity, excellent insulation properties;

C. FRP Sandwich Panel Core Type

FRP Sandwich Panel Core Type				
FRP PU Foam Panel	FRP XPS Panel	FRP PP Honeycomb Panel	FRP Plywood Panel	Two or more core type
				
Price: □□□ Insulation: □□□□ Strength: □	Price: □ Insulation: □□□ Strength: □□	Price: □□□ Insulation: □□ Strength: □□□	Price: □□□□ Insulation: □□ Strength: □□□□	Price: □□□□□ Insulation: □□□□ Strength: □□□□

D.Package & Delivery

Package	Delivery
1.Packed on plywood pallet	1. Samples: 2-3 dyas
2.Packed in plywood case	2. Mass production: 7-15 working days after receive payment
3.Load in container directly	3. Delivery terms: EXW, FOB. CIF, DDP all can be accepted

E. FRP Sandwich Panel Applications

Applications

✓ Container: Truck body, RV panel, mobile toilet, refrigeration container etc.

✓ Wall panel: Cold storage, partition wall, compartment, sentry box etc.

✓ Animal husbandry: Sheep shed, chicken coop, bird cage, kennel etc.

F. Factory Profiles

Foreth Industrial Co., Ltd is a fast-developing enterprise which is mainly specialized in FRP(fiber reinforced plastic) products, and operates in a global marketplace. Foreth team supply clients with FRP sheets, FRP sandwich panels FRP gratings, composite manhole covers,FRP profiles, FRP roofing sheets etc,with a wide range of applications across the construction,marine,off highway,rail,water treatment and engineering industries.

Additionally, we have rich experience in exporting and supplying high quality products and excellent service.

Feel free to contact us if any query you may have and we will be happy to assist you.We hope to be your

reliable supplier & stable partner by establishing long time as well as joyful business relationship with your esteemed company!

WHY CHOOSE US

Foreth Industrial Co., Ltd. is a rapid development of enterprises, mainly Specializing in glass fiber reinforced plastic (fiber reinforced plastic) products and in global market. We have been in the glass fiber reinforced plastic industry for 15 years.
