

UV Stabilised 4x8 White Embossed Fiberglass Reinforced Polyester GRP Wall Cover

A. What is FRP Wall Cover

Also known as GRP sheet, which full name is fiberglass reinforced polyester (plastic) sheet., with gel coated. As a new material, Greater than that of steel products and aluminum products in specific tenacity. Products in the ultra-low temperature or high temperature will not happen brittle fracture, deformation and to prevent heat transfer. For that, FRP is widely used in so many industry. Such as bus/coach outer skin, Wall decorate cover, refrigerated truck body, RV/motor homes side panel, Refrigerator compartment wall etc.

B. FRP Wall Cover features

1. High mechanical strength and good impact toughness;
2. Roughness surface and easy to clean;
3. Corrosion resistance, wear resistance, yellowing resistance, anti- aging;
4. High temperature resistance;
5. No deformation, low thermal conductivity, excellent insulation properties;

C. FRP Wall Cover details

FRP Surface					
Standard	Pebbled	Cloth Based	Anit Slip	Add Surface Mat	Matt
					
Cheaper Show little fiberglass grain on the surface	Cheapest Widely used in wall decoration	Strongest Show fiberglass cloth grain on surface	Anti-Slip Widely used in antiseptic floor	More gloosy and very slight fiberglass grain	Customized and most expensive suface type

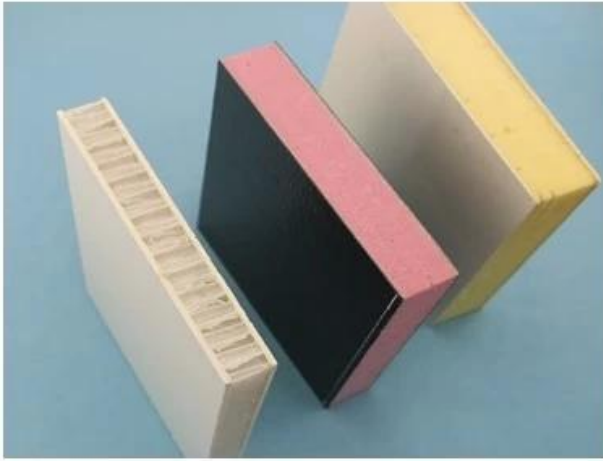

D. Package & Delivery

Package	Delivery
1. Common package in rolls	1. Samples: 2-3 dyas
2. Packed on plywood pallet	2. Mass production: 7-15 working days after receive payment
3. Packed in plywood case	3. Delivery terms: EXW, FOB. CIF, DDP all can be accepted

E. FRP Wall Cover Applications

1. Wall caver & Coach outer skin
2. Sandwich panel skin material
3. Refrigerator Van & Truck Body
4. Sentry box & Mobile Toilets
5. Caravan & RV
6. Compartment & Partition Wall
7. Cattle Sheep Shed & Dog Kennel

F. Factory Profiles

Foreth Industrial Co., Ltd is a fast-developing enterprise which is mainly specialized in FRP(fiber reinforced plastic) products, and operates in a global marketplace. Foreth team supply clients with FRP sheets, FRP sandwich panels FRP gratings, composite manhole covers,FRP profiles, FRP roofing sheets etc,with a wide range of applications across the construction,marine,off highway,rail,water treatment and engineering industries.

Additionally, we have rich experience in exporting and supplying high quality products and excellent service.

Feel free to contact us if any query you may have and we will be happy to assist you.We hope to be your reliable supplier & stable partner by establishing long time as well as joyful business relationship with your esteemed company!

WHY CHOOSE US

Foreth Industrial Co., Ltd. is a rapid development of enterprises, mainly Specializing in glass fiber reinforced plastic (fiber reinforced plastic) products and in global market. We have been in the glass fiber reinforced plastic industry for 15 years.
