

Matt Surface Gel Cotted Fiberglass Reinforced Plastic FRP Sheet

A. What is FRP Flat Sheet

Fiberglass sheet also called fiberglass reinforced plastic panel, it is a new type composite material which is made of **fiberglass and unsaturated resin** through the certain process, it has **light weight, performance stable, high impact resistance, high corrosion, insulation, soundproof, Waterproof, anti fungal and thermal insulation and other properties**. And it can be used for many fields, such as construction, ship, transportation, chemical industry and many other fields.

B. FRP Sheet features

1. High mechanical strength and good impact toughness;
2. Roughness surface and easy to clean;
3. Corrosion resistance, wear resistance, yellowing resistance, anti-aging;
4. High temperature resistance;
5. No deformation, low thermal conductivity, excellent insulation properties;

C. FRP Sheet details

FRP Surface					
Standard	Pebbled	Cloth Based	Anti Slip	Add Surface Mat	Matt
					
Cheaper Show little fiberglass grain on the surface	Cheapest Widely used in wall decoration	Strongest Show fiberglass cloth grain on surface	Anti-Slip Widely used in antiseptic floor	More glossy and very slight fiberglass grain	Customized and most expensive surface type

D. Package & Delivery

Package	Delivery
1. Common package in rolls	1. Samples: 2-3 days
2. Packed on plywood pallet	2. Mass production: 7-15 working days after receive payment
3. Packed in plywood case	3. Delivery terms: EXW, FOB, CIF, DDP all can be accepted

E. FRP Sheet Applications

1. Wall caver & Coach outer skin
2. Sandwich panel skin material
3. Refrigerator Van & Truck Body
4. Sentry box & Mobile Toilets
5. Caravan & RV
6. Compartment & Partition Wall
7. Cattle Sheep Shed & Dog Kennel

F. Factory Profiles

Foreth Industrial Co., Ltd is a fast-developing enterprise which is mainly specialized in FRP(fiber reinforced plastic) products, and operates in a global marketplace. Foreth team supply clients with FRP sheets, FRP sandwich panels FRP gratings, composite manhole covers,FRP profiles, FRP roofing sheets etc,with a wide range of applications across the construction,marine,off highway,rail,water treatment and engineering industries.

Additionally, we have rich experience in exporting and supplying high quality products and excellent service.

Feel free to contact us if any query you may have and we will be happy to assist you.We hope to be your reliable supplier & stable partner by establishing long time as well as joyful business relationship with your esteemed company!

WHY CHOOSE US

Foreth Industrial Co., Ltd. is a rapid development of enterprises, mainly Specializing in glass fiber reinforced plastic (fiber reinforced plastic) products and in global market. We have been in the glass fiber reinforced plastic industry for 15 years.
